

Friday, 29th June 2018

08:30-09:20	Registration
Session I: Keratoplasty	
Moderators: Ioannis Pallikaris, Sonia Yoo	
09:20-09:30	Welcoming by Prof. Pallikaris
09:30-10:40	Lectures, Discussion
09:30	Treating Bullous Keratopathy secondary to Ahmed Valve Placement Stylianos A Kandarakis
09:40	Plugging of functioning Ahmed valve prior to DSAEK for Pseudophakic Bullous Keratopathy Evangelia Gkaragkani
09:50	Visual Outcomes After DMEK Versus DSAEK Comparison of Specific Matched Pairs Evangelia Chalkiadaki
10:00	Ramon Castroviejo Does It Again! Semi-autologous Corneal Transplantation with Simultaneous Bilateral Surgery Sotiria Palioura
10:10	Pediatric DSAEK for corneal edema in congenital glaucoma Danielle Trief
10:20	Anterior Segment Surgery: Does Anticoagulation Matter? Sonia Yoo
10:30-10:40	Discussion
10:40-11:00	Coffee Break

Session II: Cornea

Moderators: Osama Ibrahim, Vardhaman Kankariya

11:00-12:20	Lectures, Discussion
11:00	Supradescemetic voriconazole injection for Candida parapsilosis keratitis Evangelia Chalkiadaki
11:10	Bilateral Episcleritis, Erythema Nodosum and Atrial Fibrillation Filippos Vingopoulos
11:20	Infectious keratitis, Bug demystified :Complex case scenario Prateek Agarwal
11:30	Atypical mycobacterial interface infection after Descemet Membrane Endothelial Keratoplasty Minh-Tri Hua
11:40	In Vitro Efficacy of High Fluence variable duration Ultraviolet A therapy with combined Riboflavin for Acanthamoeba Castenelli Isolates Vardhaman Kankariya
11:50	SA.ANA: A New Practical Classification for Management of Keratoconus Mohammad Hafez Noroozizadeh
12:00	Cornea pearls in refractive cataract surgery Prateek Agarwal
12:10-12:20	Discussion
12:20-12:40	Coffee Break

Session III: Corneal collagen Crosslinking and refractive surgery techniques	
Moderators: Stephen Trokel, George Kymionis	
12:40-14:10	Lectures, Discussion
12:40	Corneal cross-linking (CXL) in children with progressive keratoconus: long term results and outcome differences in 2 age groups Beatrice Frueh
12:50	Combined refractive surgery and crosslinking George Kymionis
13:00	Visual, Refractive and Topographic Outcomes of Progressive Thickness Intrastromal Corneal Ring Segments for Keratoconic Eyes Efekan Coskunseven
13:10	10-year outcomes of CXL combined with partial topography-guided excimer (TGL) (Athens Protocol (AP)) for keratoconus (KC). Anastasios John Kanellopoulos
13:20	Refractive Control Using Cross-Linking Technology Stephen Trokel
13:30	Combined Flapless Refractive Lenticule Extraction [Smile] and Intrastromal Corneal Cross Linking in Patients with Suspicious Topography and/ or Thin Corneas. Refractive and Bio-Mechanical Outcomes. Osama S. Ibrahim
13:40	Four-stage procedure for keratoconus: intrastromal corneal ring segment implantation, corneal cross-linking, toric phakic intraocular lens and topography-guided photorefractive keratectomy Efekan Coskunseven
13:50	Safety of Evo Visian ICL Ioannis Pallikaris, Efekan Coskunseven
14:00-14:10	Discussion

Saturday, 30th June 2018

Session IV: Presbyopia, Accommodation

Moderators: AnnMarie Hipsley, Daniel B Goldberg

09:00-10:10	Lectures, Discussion
09:00	Beyond the Theories: Biomechanics of Accommodation and Presbyopia Daniel B Goldberg
09:10	Finite Element Model Analysis of the Impact of Age Related Changes on Ciliary Muscle Biomechanics on the Accommodative Mechanism AnnMarie Hipsley
09:20	Thulium Laser Keratoplasty for Hyperopia in Presbyopes. Stephen D. Klyce
09:30	Laser Microporation: A new Therapy for Rejuvenation of Ocular Rigidity to improve Visual Accommodation Sheri Rowen
09:40	Presbyopia: Advancing Awareness Toward Ocular Fitness and Longevity AnnMarie Hipsley
09:50	Refractive Surgery on the Aging Eye: Dysfunctional Lens Syndrome George Kontadakis
10:00-10:10	Discussion
10:10-10:30	Coffee Break

Session V: Premium intraocular lenses: Optical issues, anatomical issues *ESCRS symposium*

Moderators: Roberto Bellucci, Vikentia Katsanevaki

10:30-13:00	Lectures, Discussion
10:30	Premium IOLs after corneal graft Roberto Bellucci
10:50	Multifocals and visual disturbances Dan Epstein
11:10	Toric IOLs in irregular cornea management José Guell
11:30	Cataract and small aperture IOL Simonetta Morselli
11:50	Objective assessment of EDOF and MF IOLs David Spalton
12:10	Multifocals after corneal refractive surgery Jorge Alio
12:30	Peripheral capsule reconstructor Ioannis Pallikaris
12:50-13:00	Discussion
13:00-13:20	Coffee Break

Session VI: Refractive Surgery	
Moderators: Sri Ganesh, A. John Kanellopoulos	
13:20-15:00	Lectures, Discussion
13:20	A Circle saves the SMILE Sri Ganesh
13:30	Outcomes of Post-SMILE cataract surgery with multifocal IOL implantation Sri Ganesh
13:40	Nothing is lost in Suction Loss Vardhaman Kankariya
13:50	Feasibility of SMILE procedure as enhancement strategy for post PRK haze and regression. Vardhaman Kankariya
14:00	Long-Term Results of Small-Incision Lenticule Extraction for Correction of Myopia Jana Gertnere
14:10	Contralateral Eye Myopic LASIK Outcomes Comparison: Modification of the Clinical Refraction with Use of the Topographic Cylinder Amount and Axis Vs. the Standard Refraction. A. John Kanellopoulos
14:20	Update on Epi-Bowman's Keratectomy (EBK): A Novel Approach to Surface Ablation Marguerite McDonald
14:30	Comparison of single-step trans-epithelial photorefractive keratectomy with or without mitomycin c in mild-moderate myopia Soheil Adib Moghaddam
14:40	Refractive Surgery Outcomes in Patients with Hyperopic Anisometropic Amblyopia Dimitra Kopsini
14:50-15:00	Discussion

Sunday, 1st July 2018

Session VII: Ocular surface disease: current approaches for diagnosis and management

Moderators: Marguerite McDonald, Kattayoon Kate Hashemi

09:00-10:00	Lectures, Discussion
09:00	Novel Point of Care Diagnostics of Dry Eye and Viral infection of Corneal Surface Vladimir Feingold
09:10	Objective assessment of tear film dynamics with a novel instrument Charilaos Ginis
09:20	Understanding Dry Eye Blepharitis Syndrome (DEBS): the role of biofilm in this chronic and complex disease Marguerite McDonald
09:30	Tomography alteration simulating keratoconus (pseudo-keratoconus) caused by epithelial irregularity Kattayoon Kate Hashemi
09:40	Trehalose: a Novel Treatment for Dry Eye Marguerite McDonald
09:50-10:00	Discussion
10:00-10:20	Coffee Break

Session VIII: Cataract Surgery and IOLs

Moderators: Beatrice Frueh, Vladimir Feingold

10:20-12:00	Lectures- Discussion
10:20	LENSAR with Streamline IV: Guiding Astigmatic Outcomes Haluk Talu
10:30	Corneal and ocular high order aberration in astigmatic eyes implanted with trifocal toric IOLs Roberto Bellucci
10:40	Retinal image quality in the periphery of the visual field with standard and premium IOLs Konstantina Togka
10:50	The Impact of Ocular Surface Disease on Pre-operative Biometry. Stephen D. Klyce
11:00	12 months results of penetrating keratoplasty with simultaneous cataract phacoemulsification and IOL implantation Valerii Serdiuk
11:10	Initial experience of thermal capsulotomy for high risk cataract surgery Dimitra M. Portaliou
11:20	Laser cataract extraction using Nd,YAG laser with 1.44 mwavelength Kamal Okasha
11:30-11:40	Discussion
11:40-12:00	Coffee Break

Session IX: Technology for anterior segment diagnosis	
Moderators: Stephen D. Klyce, George Kontadakis	
12:00-13:00	Lectures, Discussion
12:00	A New Paradigm in Corneal Topography. Stephen D. Klyce
12:10	Scheimpflug Densitometry After DMEK Versus DSAEK Two-Year Outcomes Evangelia Chalkiadaki
12:20	A New Marker for Keratoconus Diagnostics Artashes Zilfyan
12:30	Changes in corneal epithelial thickness profile measured with Anterior Segment Optical Coherence Tomography after PRK Konstantina Bachtalia
12:40	Elevated Cytokine and Matrix Metalloproteinase - 9 Profile in the Keratoconus Patients Tear Fluid Igor Solomatins
12:50-13:00	Discussion
13:00-13:10	End of Meeting-Conclusions Ioannis Pallikaris
